Room Set-up: Circle of chairs

Agenda: Introductions
Governor remarks (5-10 minutes)
Open discussion

Background on Public Charter School Alliance of SC:

The newly adopted mission of the Public Charter School Alliance of South Carolina is to strengthen public education for South Carolina students by supporting and advocating for high quality public charter schools.

The Alliance is a nonprofit 501c3 organization with membership open to public charters schools and public charter school supporters including families, community leaders, and business leaders. Since its inception in 2001, a dedicated group of staff members, volunteers, and member schools have worked for significant legislative change to benefit South Carolina's charter public schools and to develop resources and supports for South Carolina's charter schools. The strategic plans call for

developing critical resources and powerful new ways to advocate for public charter schools in South Carolina.
