Holding your drivers accountable, **Helps Improve Safety.**

Verizon Networkfleet helps you safeguard your drivers and reputation. Learn how in a short eBrief.

[Learn More](#)

The road can be a dangerous place. As a fleet manager, the safety of your drivers is a priority, as well as the integrity of your department or agency. Verizon Networkfleet enables you to locate your fleet at any time, so you know your drivers are safe and where you expect them to be. With Networkfleet, you also get actionable data that helps you hold drivers accountable for risky driving behavior. Plus, you get Roadside Assistance at no additional cost in the event of an unexpected breakdown.

Accountability Drives Responsibility

When your drivers know that you are aware of their whereabouts, they often make more responsible decisions. Networkfleet provides you with detailed information that helps you identify unsafe driver behaviors, such as hard acceleration and hard braking. You also get speed alerts that notify you via email or text when a driver exceeds a defined speed limit. [Learn more](#) about how Networkfleet can help keep your drivers safe behind the wheel.

Proactive Maintenance Helps Improve Safety

Keeping your drivers safe on the road starts long before they pull away from the office. Staying on top of preventive maintenance can help reduce unexpected breakdowns. With Networkfleet, you get reminders via text and email that notify you when vehicles are due for oil changes, tire rotations and other routine maintenance. Plus, you can address small problems before they become big ones by monitoring engine diagnostics. [Learn how.](#)

Roadside Assistance at No Additional Cost

Help prevent your drivers from being stranded. Networkfleet offers Roadside Assistance at no additional cost, giving you and your drivers peace of mind in the event of an unexpected breakdown. Roadside Assistance services include: towing, flat tire changes, fuel delivery to stranded vehicles, locksmith and winch services, and jump-starts¹.

Networkfleet helps increase driver accountability, giving you peace of mind that your department or agency vehicles are being driven safely. Read a [short eBrief](#) to learn how.

Kind Regards,

Verizon Networkfleet
