Dear Business Opportunities Committee members:

I just wanted to let you know that I am proceeding with PRM Consulting to obtain a quote to provide services to support our "clean slate" look at AAMVA. Mark Heller estimates that he can conduct this effort in about 120 days, including a statement on AAMVA's core mission and core services (with leadership and staff input).

This effort will be underway as soon as possible, and will help the Committee in conducting its activities. At this point, this activity has **not** been shared with staff.

Best regards,

Neil
