Dear Governor Haley:

I have now lived in Columbia, Charleston and Sumter. In all three places, I saw Bill Green's and George Sink's commercials among others. Such attorneys are driving up insurance rates for the American Drivers and weakening Social Security for all retirees.

The T.V. Ads cannot be stopped, I suppose, but they should be cleaned up.

I do not believe it is right to have clients of theirs stand and say on T.V. that they

received hundreds of thousands
of dollars, even millions with
said Attorney's help. They get their
money, Sink + Green get their
riches too and John 2. Public
does not have to know or be
told.

This kind of public
T.V. Ads creates: envy, greed and
deceits.

The late Senator Robert
Byrd introduced a bill to get
"workmens Comp." for injured
W. Va. Coal Miners. It passed and
spread nationwide like wild-
fire. It is now a big source
of thousands of attorney's bread
and butter.

I personally worked
with men who were injured in
coal mines. As soon as they
were able to stand and walk
some returned to the mines

with an arm, a hand or even toes and fingers missing. Mechanization cut down the number of working miners needed since though.

Back to the Ads, do not let a half dozen people stand in a group and split the amount of excess money they received.

I even saw one commercial where an obese woman awarded a settlement; said, "It ain't about the money, it's knowing you O.K." Really B.S., huh.

That is all today Governor Haley. Keep up the good work. I will set out a prayer meeting next Tuesday.

Bye now,
A relocated. Chic + Het.
