Subject: Marion County Visit

---

Dear Mr. Adams:

Good Morning. Thank you once again for hosting the SC Team events for those who were affected by the Hurricane Matthew. The SC Commission for Minority Affairs was present at the events during last years flooding . We would like to once again be present at your county events. We would like to be notified of subsequent events if possible. I will not need a table just make myself available should anyone need additional resources and has a language barrier. The commission is actively involved with SCEMD under Support function ESF 15. I look forward to seeing you in Marion County tomorrow.

Thank you!

Lee Serralta McElveen
