Good Morning,

Late yesterday afternoon DOA contacted me with the process for making this happen.

There are two requirements to use public property in the manner that Ms. Dolby requested.

1. It must be for the Public Good/Benefit
2. The Public Good/Benefit must be tied to the purpose of the agency that owns the property.

Obviously the program is a public good but it doesn't tie to DEW's purpose.

DOA has proposed that the Office on Aging enter into an MOU with DEW for the building and then the Office on Aging contract the building to Ms. Dolby so that the purpose would align. The DOA believe this can be done at no cost to the Office on Aging other than the leg work of reviewing and executing the agreements. I applaud DOA on this creative solution.

Please let me know if you are willing/interested in pursuing this and if so I need to know who else at the office on aging needs to be looped in. (I think Paula Wingfield and Ann Wolf)

Subject: Phone Call - Salvation Army

I have had a call from Heather Dolby who met the Lt. Governor at Salvation Army Conference and is the officer from Anderson. They had discussed the Office on Aging and Salvation Army senior programs. She has called because they are looking for a location to organize their senior gift drive for Christmas and wanted to know if and how they might use the vacant old DEW building in Anderson.

My thought is to connect her with the Division of Facilities Management and Property Services at DOA.

Is that good with y'all?

Best Regards,

Catherine McNicoll
