**scstateparks** Have you been to Caesars Head State Park? If so, describe the view from the overlook in in one word? We'll start....breathtaking. If not, still comment with one word describes the view pictured.

**dustin.moree** It's a great view without any work! You literally drive to the top of the mountain. If you decide to go. Check out the Ravens Cliff Falls trail about 2 miles down the road. Beautiful views and a very ripe bridge. If you are feeling really adventurous (and have brought plenty of water and calories) try tackling the dismal trail loop!

**jaeisoutside** One of the best views in SC. Went one morning early and the fog was thick and sitting in all the valleys under a blue sky.. It looked like a sea of clouds and the peaks were just floating along. The Park Ranger told me I chose a great morning to come because that only happens a few times a year.
