Subject: Legislative Audit Council - SCDOT Audit Information Request

Good afternoon Ms. Patel,

It was a pleasure speaking with you this afternoon. As discussed, the South Carolina Legislative Audit Council is conducting an audit of the South Carolina Department of Transportation. In reviewing state and federal statutes, I would like to know the level of input/ role the Governor's Office plays in infrastructure planning and SCDOT's operations. Specifically with regard to State law §57-1-60 and Federal regulations § 450.324 and § 450.326. Please describe any other duties, responsibilities, administration, oversight, etc. the Governor's Office provides with regard to South Carolina's infrastructure.

Please feel free to contact me with any questions.

Thank you,

Pete
