

Governor Haley,

I would like to ask you a question. We are suppose to file taxes, but we can't find the publications to file our taxes out. We have to have the books because of the new tax laws. At first they mailed them out, then they sent them to the library to pick up, but now they don't do that anymore. I have called so many times and all I get is a machine not a real person. I know you don't have anything to do with this. I'm not blaming you. I just need your help or advise on how I can get a publication to file taxes. I'm not the only one trying to find one. They tell you to use a computer not everyone has one. My uncle does mine on paper. You're a great governor and good at your job. You are truthful and you care about the people so I hope you can find out where the little people can get one, because Washington and IRS don't seem to care if we find one. Sorry to bother you with this problem.

I live in Santee, S.C. I met
you when you were here. I like
you, and I believe in you.

I loved your book and I really
like that you signed it.

I know you are busy with
bigger and more important problems
than mine, but if you can find
out where I can get a publication
for Federal and State I sure
would appreciate it, and if you
can't it's okay.

Thanks for what you
do for all the people.

Miss Funder
