**Live 'n' Learn RV** We RV-camped there back in January, and it was the quietest camping experience we've ever had. If you crave peace and quiet, this is the place to go!

**Megan Berry** Do you have to rent the canoes and kayaks there or can you bring your own? If you do bring your own, is there a shuttle service you can pay for? I wasn't able to find much info online

**Tami Shybull** Megan, my daughter and I just rented one Sunday. It was a blast. It's 20.00 per canoe or kayak. You follow the ranger to the take out spot (the end), leave your car there, and the ranger drives you back to the beginning, gets your canoe in the water and you're off. Takes about an hour, and when you're done you pull your canoe out, hop in your car and go.

**South Carolina State Parks** According to our park historian: Aiken State Park had its beginnings in the early 1930s when the SC State Commission of Forestry was given charge to build a state park in Aiken County. In August and September of 1934, Aiken County purchased 867 acres of land and donated it to the SC State Commission of Forestry. This land was originally intended to become Aiken State Forest Park. The land and acreage was bought from the following individuals: Murray V. Johnson, J.P. McNair and Wallace D. McNair.
