Subject: late-day easy request

Hi Chaney,

I'm looking for a comment from the gov's office about today's Census Bureau report that says South Carolina is the 10th fastest-growing state in the nation (2015-16), mostly due to people moving here from other states.

http://www.postandcourier.com/news/s-c-was-among-fastest-growing-states-in-u-s/article_71a479fc-c6ce-11e6-a489-ab0ccb86424f.html

Please let me know.

Thanks,

David Slade
