#### Just Right Episode 9- Honda of South Carolina

South Carolina has proven to be 'Just Right' for **Honda of South Carolina Mfg, Inc.** (HSC). Since first setting up shop in the Palmetto State more than 15 years ago, HSC has invested \$315 million in its Florence County operations. The auto manufacturer's state-of-the-art powersports facility has the capacity to produce more than 266,000 ATVs and more than 300,000 engines per year. In 2012, Honda marked its 2.5 millionth all-terrain vehicle (ATV) production milestone.

Honda employs more than 900 associates and boasts the ability to produce a fully-functional ATV in less than 60 seconds. The company recently celebrated the production of its next generation side-by-side (multi-utility vehicle) at its Timmonsville plant.
