MEMORANDUM

TO: Mrs. Susan Cole, Chair, and Members
Committee on Access & Equity and Student Services

FROM: Dr. Karen Woodfaulk,
Director of Student Services

**Proposed Amendments to the Palmetto Fellows Scholarship and
South Carolina Need-based Grant Regulations**

The Palmetto Fellows Scholarship Advisory Committee met on Tuesday, October 17th, in order to consider recommended revisions to the Palmetto Fellows Scholarship Regulations. The Advisory Committee approved the following proposed revisions to the regulations (*Attachment 1*):

- Sections 62-315.A.3, 62-320.C, and 62-325.B.2: In December 1999, the State Department of Education adopted the Uniform Grading Scale (UGS) Policy for students who are enrolled in the ninth grade during the 2000-01 school year. The UGS Policy may be applied to all students beginning with the 2000-01 school year if elected so by the school district. In order to be consistent with the UGS Policy, the regulations for the Palmetto Fellows Scholarship regarding grading scales have been revised to include the Uniform Grading Scale in the sections dealing with the eligibility criteria to submit an application and in the section for awarding ranking points.
- Section 62-350: In order to clarify the section regarding enrollment in internships, cooperative work programs, travel study programs, or National or International Exchange Programs, language was added to stipulate that these programs must receive full-time academic credit and be approved by the home institution in order to receive Palmetto Fellows Scholarship funding.
- Section 62-345: This section was added in order to allow for the use of Palmetto Fellows Scholarship funding towards the Pharm.D. Program, as long as the student meets all other eligibility criteria including not obtaining the first bachelor's degree and not exceeding eight terms of funding.

On Thursday, December 7th, the Committee on Access & Equity and Student Services will meet in order to consider the proposed revisions to the Palmetto Fellows Scholarship Regulations as recommended by the Palmetto Fellows Scholarship Advisory Committee. The Committee will also consider the following proposed revisions to the South Carolina Need-based Grant Regulations (*Attachment 2*):

- Section 62-480.D.1: In order to be clarify the continued eligibility requirements for Need-based Grant recipients, the number of hours the student is required to earn each academic year is based upon the number of terms the student is awarded the Need-based Grant each academic year.
- Section 62-495: This section was added in order to allow for the use of Need-based Grant funding towards the Pharm.D. Program, as long as the student meets all other eligibility criteria including not obtaining the first bachelor's degree and not exceeding eight full-time equivalent terms of funding.

Recommendation

The staff recommends that the Committee on Access & Equity and Student Services approve the proposed revisions to the regulations for the Palmetto Fellows Scholarship and S.C. Need-based Grants Programs. If approved by the Committee on Access & Equity and Student Services and the Commission on Higher Education, the revised regulations will be submitted to the General Assembly for approval under the Administrative Procedures Act.

Palmetto Fellows Scholarship Program

Synopsis:

The purpose of the Palmetto Fellows Scholarship Program is to recognize the most academically talented high school seniors in South Carolina and to encourage them to attend college in the State. A secondary purpose is to help retain talented minority students who might otherwise pursue studies outside the State. Each Palmetto Fellow receives up to \$5,000 annually for up to eight semesters to pursue a baccalaureate degree at a participating institution. In order to be consistent with the LIFE Scholarship, the following regulations address adding the requirement that a Palmetto Fellow cannot have any felonies, alcohol or drug related offenses. Additionally, these regulations also address adding sections for students with disabilities and enrollment in the Doctorate of Pharmacy (Pharm.D.) Program. Due to the adoption of the Uniform Grading Scale in December 1999 by the State Department of Education, these regulations address including language regarding the Uniform Grading Scale.

The regulations include allocation of scholarship funds to public and independent institutions; program definitions; student eligibility; student application and selection processes; policies and procedures for awarding scholarships; duration and renewability of awards; transfer of scholarship awards; students with disabilities; enrollment in internships, cooperative work programs, travel study programs, or National or International Student Exchange Programs; enrollment in Doctorate of Pharmacy (Pharm.D.) Program; appeals procedures; institutional disbursement of scholarship awards; award notification; refund and withdrawal procedures; institutional eligibility; program administration and audits; and suspension or termination of institutional participation.

Instructions:

Amend R.62-300, Palmetto Fellows Scholarship Program, to Chapter 62 regulations.

Text:**62-300 Purpose of the Palmetto Fellows Scholarship Program**

Pursuant to Act 458 which was initially established as Title 59 of the 1976 Code as amended under Section 18A.28 of the 1997-98 Appropriations Bill, the Commission on Higher Education shall promulgate regulations and establish procedures to administer the Palmetto Fellows Scholarship Program. The General Assembly established the Palmetto Fellows Scholarship Program to foster scholarship among the State's postsecondary students and retain outstanding South Carolina high school graduates in the State through awards based on scholarship and achievement. The purpose of the Palmetto Fellows Scholarship Program is to recognize the most academically talented high school seniors in South Carolina and to encourage them to attend eligible

colleges or universities in the State. A secondary purpose is to help retain talented minority students who might otherwise pursue studies outside the State.

62-305 Allocation of Funds

Palmetto Fellows Scholarship Allocations to Public and Independent Institutions:

Funds made available for higher education scholarships under Act 458, South Carolina Children First: Resources for Scholarship and Tuition Act of 1996, shall be included in the annual appropriation to the Commission on Higher Education and shall be awarded to eligible students attending public or independent eligible institutions by the Commission on Higher Education as Palmetto Fellows Scholarships as follows:

A. Public Institutions:

(1) "Public institutions" are those four-year baccalaureate degree-granting institutions as defined in Chapter 103 of Title 59 of the 1976 Code, which stipulates "public higher education shall mean state-supported education in the post-secondary field." Public two-year institutions and technical colleges are not eligible for participation in this program.

(2) From the pool of funds available for the higher education grants and scholarships allocation for public institutions under Chapter 143 of Title 59 of the 1976 Code, as amended under the South Carolina Children First: Resources for Scholarship and Tuition Act of 1996, fifty percent shall be used to fund the Palmetto Fellows Scholarship Program, once this program is fully implemented.

B. Independent Institutions:

(1) "Independent institutions" are those institutions eligible to participate in the South Carolina Tuition Grants Program as defined in Chapter 113 of Title 59 of the 1976 Code, which stipulates that an "independent institution of higher learning means any independent eleemosynary junior or senior college in South Carolina whose major campus and headquarters are located within South Carolina and which is accredited by the Southern Association of Colleges and Schools." However, independent two-year institutions are not eligible for participation in this program.

(2) The funds made available to the independent institutions for Need-based Grants and Palmetto Fellows Scholarships are derived as a percentage of total funds appropriated for this purpose under the South Carolina Children First: Resources for Scholarship and Tuition Act of 1996. This percentage shall be equivalent to the percentage of the independent institutions' share of the State's total South Carolina resident undergraduate full-time headcount enrollment. The percentage will be based on the previous year's total (e.g., for 1997-98, 18.5 percent of enrollment) and will be determined annually by the South Carolina Commission on Higher Education and the Tuition Grants Commission. Fifty percent of these funds will be allocated to Palmetto Fellows Scholarships. However, in instances where the equal division of the appropriated funds between Need-based Grants and the Palmetto Fellows Scholarship Programs exceeds the capacity to make awards in either program, the Commission on Higher Education has the authority to re-allocate the remaining funds between the two programs until these programs are fully implemented in FY 2000-2001, after which an equal division between the two programs shall be maintained.

62-310 Program Definitions

62-315 Student Eligibility

- A. In order to qualify for consideration for a Palmetto Fellows Scholarship award beginning with 1999-2000, a student must:
- (1) Be enrolled in a public or private high school or any other high school program of study approved and certified by that school district as conforming to relevant State statutes at the time of application and be a legal resident of South Carolina as defined in applicable State statutes governing the determination of residency for tuition and fee purposes and be approved by pertinent rules and regulations promulgated by the Commission on Higher Education;

(2) Be a U.S. citizen or a permanent resident that meets the definition of an eligible non-citizen under State residency statutes;

(3) Meet the following three criteria: a score of 1200 on the Scholastic Assessment Test (SAT) or an equivalent ACT score, and a grade point average (GPA) of 3.5 on a 4.0 scale *or 3.5 on the Uniform Grading Scale at the end of* the junior year, and rank in the top five percent of the class at the end of either the sophomore or the junior year. Qualifying scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline;

(4) Be seriously considering attending, have applied, or have been accepted for admission to an eligible four-year baccalaureate-granting public or independent college or university in South Carolina as defined under Chapter 143 and Chapter 113 of Title 59 of the 1976 Code as a first-time, full-time, baccalaureate degree-seeking student;

(5) Has not defaulted and does not owe refunds on any Federal or State financial aid. If a student has a Student Aid Report (SAR) or its equivalent on file or has applied for Title IV financial assistance by completing the Free Application for Federal Student Aid (FAFSA) form, the SAR information will be used to verify default status or refunds owed. Students who have not completed a FAFSA form must have an affidavit on file to verify that he/she is not in default and does not owe a refund on any Federal or State financial aid, including the State Grant, Pell Grant, Supplemental Educational Opportunity Grant, Perkins Loan or Federal Stafford Loan;

(6) Certify that he/she has not been adjudicated delinquent, convicted, or pled guilty or nolo contendere to any felonies, alcohol, or drug related offenses under the laws of this or any other state or under the laws of the United States by submitting a signed affidavit each academic year to the institution testifying to the fact, except that a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or nolo contendere of an alcohol or drug related misdemeanor offense is only ineligible for the next academic year of eligibility after the date of the adjudication, conviction or plea. This requirement will begin with the 2000-2001 academic year; and

(7) Submit the official Palmetto Fellows Scholarship Application and comply with all the directions contained therein.

B. The high schools shall ensure that all students meeting the eligibility criteria are included in the applicant pool.

C. A high school student who transfers into the State or a student who is enrolled in a high school outside of South Carolina is eligible to participate in the program providing that the student meets all eligibility requirements as described herein as well as all residency requirements as described in the "Program Definitions" section above. A transfer student from, or a student enrolled in, an out-of-state high school may apply on the condition that the counselor or principal at the high school at which the student is presently enrolled provides official high school transcripts and appropriate documentation of compliance with all eligibility criteria, including State residency status, SAT score or equivalent ACT score that are certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline, GPA at the end of the junior year, and rank at the end of either the sophomore or the junior year in high school. The high school principal or counselor must identify each eligible student and provide an

application to each student.

D. A high school student who graduates immediately after the high school junior year is eligible to apply for the Palmetto Fellows Scholarship, providing that the student meets all eligibility requirements as described in the "Student Eligibility" section, and providing that the student is entering a participating college or university not later than the fall semester immediately following high school graduation.

E. Students receiving a Palmetto Fellows Scholarship are not eligible for a LIFE Scholarship.

62-320 Student Applications

A. The Commission will send applications to the South Carolina high schools. High school officials will identify students who meet the following three criteria: SAT score or equivalent ACT score, and GPA at the end of the junior year, and rank in the high school sophomore or junior class. Applications will be returned no later than the established deadline along with the appropriate official signatures and the students' official transcripts by the principals to the Commission on Higher Education.

B. The high schools shall complete and return a list to the Commission on Higher Education indicating the names of all students who meet the eligibility criteria according to the high school. Both the high school principal and guidance counselor must sign the list. The list shall indicate whether the student is submitting a completed application or declining the opportunity to submit an application. If the student declines the opportunity to submit an application, the high school will submit a form for each of these students, signed by both the student and the parent/guardian, and indicating the reason(s) for not submitting an application.

C. Students must have certification that they earned a 3.5 GPA on a 4.0 scale *or 3.5 on the Uniform Grading Scale at the end of the junior year*. Because of the different GPA scales used throughout the State, the high school or the school district shall convert the student's GPA to a 4.0 scale to determine the student's eligibility at high schools that do not operate on a 4.0 scale as stated in Section 62-325.B.2. *This conversion will be permissible until the graduating class of 2004, at which time the Uniform Grading Scale will be fully implemented. To be eligible for the Palmetto Fellows Scholarship beginning with the graduating class of 2004, students must have certification that they earned a 3.5 on the Uniform Grading Scale at the end of the junior year.*

D. Students must have certification that they rank in the top five percent of their high school class at the end of either the sophomore or the junior year.

E. For those high schools that have fewer than twenty students in the class at the end of either the sophomore or junior year, the high school can submit an application for the one student who is number one in the class, providing that student meets all other eligibility criteria. For those high schools that have fewer than forty students but greater than twenty students in the class at the end of either the sophomore or the junior year, the high school can submit applications for the two students who are number one in the class and number two in the class, providing that the students meet all other eligibility criteria.

F. Students must have certification that they earned a score of at least 1200 on the SAT, or an equivalent ACT score. The Commission shall convert all ACT scores to the equivalent SAT scores.

G. Qualifying test scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship deadline. It is permissible to select a verbal score from one test administration and a math score from a different test administration in order to obtain the qualifying composite score.

62-325 Selection Process

A. Palmetto Fellows Scholarship applicants shall be rated based on five categories weighted as follows:

SAT or equivalent ACT score	=30%
Junior year grade point average	=25%
Sophomore or junior year class rank	=25%
Extracurricular activities/work experience	=15%
<u>Counselor recommendation</u>	= 5%
TOTAL	=100%

B. In order to calculate a rank order for each student, each of the five categories shall be assigned ranking points as follows:

(1) For the SAT score, the scoring shall be based on the number of SAT points actually earned on the test rather than on the score itself. This is because, merely by virtue of taking the test, all students are automatically given 400 points; thus, the formula subtracts those 400 points, which are not earned by the student. It divides the remainder by 1200, which is the eligibility cutoff score, and multiplies the total by 30, which is the total number of possible points to be awarded for the SAT score. The resulting ranking points appropriately discriminate among higher and lower SAT scores. The formula will be as follows:

$$\frac{\text{SAT score} - 400}{1200} \times 30 = \text{ranking points for SAT score}$$

(2) For grade point average (GPA), the variances between weighted and unweighted GPAs shall be reduced by converting all weighted GPAs as follows: divide the weighted GPA of the applicant by the highest earned weighted GPA in the applicant's junior class and then multiply by four to convert to a 4.0 scale. The formula is as follows:

$$\frac{\text{Applicant's GPA at the end of the junior year}}{\text{Highest earned GPA in the applicant's junior class}} \times 4 = \text{GPA}$$

All unweighted GPAs shall be reported on a 4.0 scale. Once the GPA has been determined, the following ranking points shall be awarded to the applicant based on the achieved GPA *on a 4.0 scale* at the end of the junior year:

Points	GPA
25	= 4.00
24	= 3.95 - 3.99
23	= 3.90 - 3.94
22	= 3.85 - 3.89
21	= 3.80 - 3.84

20	=	3.75 - 3.79
19	=	3.70 - 3.74
18	=	3.65 - 3.69
17	=	3.60 - 3.64
16	=	3.55 - 3.59
15	=	3.50 - 3.54

By no later than the graduating class of 2004, all grade point ratios (GPR) must be reported on the Uniform Grading Scale and no conversions will be necessary. The following ranking points shall be awarded based on the achieved GPR on the Uniform Grading Scale at the end of the junior year:

<u>Points</u>	<u>GPR</u>
25	= 4.50 and better
24	= 4.39 - 4.49
23	= 4.30 - 4.39
22	= 4.20 - 4.29
21	= 4.10 - 4.19
20	= 4.00 - 4.09
19	= 3.90 - 3.99
18	= 3.80 - 3.89
17	= 3.70 - 3.79
16	= 3.60 - 3.69
15	= 3.50 - 3.59

(3) For class rank, the following ranking points shall be awarded to the applicant based on the percentage of the class the student ranks in at the end of either the sophomore or the junior year:

<u>Points</u>	<u>Rank</u>
25	= .50% and better
24	= .51 - 1.00%
23	= 1.01 - 1.50%
22	= 1.51 - 2.00%
21	= 2.01 - 2.50%
20	= 2.51 - 3.00%
19	= 3.01 - 3.50%
18	= 3.51 - 4.00%
17	= 4.01 - 4.50%
16	= 4.51 - 5.00%
15	= Points awarded to students who are eligible based on the fact that they rank #1 or #2 in the class (Section 62-320.E.).

(4) The following ranking points shall be awarded for extracurricular activities/work experience:

	<u>Possible</u>	<u>Explanation</u>
	<u>Points</u>	
Activity/experience =	12	The applicant can list up to six extracurricular

Grade level	= 1	activities/work experiences worth two points each for a possible total of twelve points. The applicant will mark the grade level(s) that each activity/experience was performed. One point will be awarded for marking at least twelve blocks under the grade level section.
Total Hours	= 1	The applicant will be awarded one point for having expended at least 360 hours in extracurricular and/or work activities.
Positions Held	= 1	The applicant will be awarded one point for holding either two leadership positions or one top leadership position (president, editor, etc.).

(5) The following points shall be awarded for counselor's recommendation:

Highly Recommend	= 5 points
Recommend	= 3 points
Recommend with Reservations	= 1 point
Do Not Recommend	= 0 points

C. The Commission will award the Palmetto Fellows Scholarships based on priority ranking. The Commission will rank order alternate applicants in priority order. As students who have been named Palmetto Fellows decline to accept the scholarship or fail to meet the eligibility requirements to receive the award, eligible alternate applicants will be awarded scholarships until all available funds are allocated.

D. All students offered a Palmetto Fellows Scholarship must select either a public or private institution. The award shall be designated for use at only one of the two and is not transferable between types of institutions. Due to the funding levels determined by the SC Students First: Financial Resources for Scholarships and Tuition Act of 1996, it is possible that a student will not receive a scholarship in the preference selected.

E. The Commission shall ensure that there is equitable minority participation in the program.

62-330 Policies and Procedures for Awarding Palmetto Fellows Scholarships

A. Palmetto Fellows Scholarship awards are to be used only for payment for cost-of-attendance as established by Title IV regulations with modifications set forth in C below for the academic year for which the scholarship award is made at the designated institution.

The maximum amount awarded shall not exceed the cost-of-attendance as established by Title IV regulations with modifications set forth in section C below for any year.

C. Charges for room and board are to be limited as follows:

Students who have been awarded the Palmetto Fellows Scholarship in previous years shall remain under the prior requirement of completing a minimum of 24 credit hours by the end of the regular academic year. For students awarded the Palmetto Fellows Scholarship in years prior to 1999-2000, the academic year shall be defined by the U.S. Department of Education as the period of time a full-time student would normally be expected to complete the equivalent of two semesters of instruction;
- (4) Certify each academic year that he/she has not defaulted and does not owe refunds on any Federal or State financial aid. If a student has a Student Aid Report (SAR) or its equivalent on file or has applied for Title IV financial assistance by completing the Free Application for Federal Student Aid (FAFSA) form, the SAR information will be used to verify default status or refunds owed. A. Transfer students enrolled at an eligible public or independent institution as defined in Chapter 103 of Title 59 of the 1976 Code may transfer the scholarship award from one institution to another provided that the student transfers to an institution only within the same sector (transfer from an eligible public institution to another eligible public institution, or transfer from an eligible independent institution to another eligible independent institution) unless the student receives prior approval from the Commission on Higher Education.
