Subject: Quote wanted

Chaney,

See below. I regretted to this for Nicole last week and received a voicemail this am from SuSu wanting a quote from the Governor about the exhibit. In her voicemail she said she wanted to send a "catalog" of the paintings for the Governor to look over and then quote on. Her phone number is (864) 494-6607.

From Tim:

SuSu, who is a longtime supporter of Nikki's, reached out to me. She and her husband, George Dean, have gathered the nine paintings by artist Leo Twiggs focused on Mother Emanuel and will be displaying them in Spartanburg until October 11. Here is an article on the paintings: <http://www.postandcourier.com/20160618/160619451/requiem-for-mother-emanuel-artist-leo-twiggs-interprets-the-church-shooting>

Susu asked if it was possible that when Nikki is in the upstate prior to 10/11 she come by and view the exhibit. Apparently the Panthers did so during training camp and they would like to continue to get press and bring awareness to the paintings.

Let me know - happy to deal with Susu directly or get you her contact info.

Thanks, Chaney!
