See below? Answer with ABF? What would you say to the first question?

Thanks.

Hey Jeff,

President Pastides said in his State of the University address that he would institute a three-year moratorium on tuition increases in exchange for increased and "fair" funding from the state. Would the governor or your office be able to give me a comment on that plan?

Also, has Pastides or anyone from his office/the university in general brought this idea to the governor?

Please feel free to give me a call on my cell phone if you have any questions.

Best,

Amanda Coyne
