Animal Swoon under the Moon

February 14, 2014

Enjoy an evening exploring the wild and humorous ways our local animals go about the serious business of finding a mate in an open and candid manner. First, enjoy warm beverages on the pier while watching the full moon rise over the ocean. Afterward, head to a fire-lit shelter to discover how animals woo their mates by bellowing, singing, giving gifts of food, dancing, leaving scented notes and much more. Enjoy light, Valentine's style refreshments. **Space for the event is limited and registration is required by Tuesday, February 11.** Call 843-238-0874 to register. \$10 per person. Adults only; 18 years and over. Both singles and couples welcome! Dress for the weather.
