**Debbie Alltop Hite Shifflett** My first time attending. Very impressed with the level of artisans. \$10 admission is too much. \$5 would be plenty.

**Brenda Bragdon Corthell** Loved the artisans. Too crowded and an accident waiting to happen. My first time attending. Couldn't get close to the booths, or the vendors that were in rooms. You need to spread the vendors outside of that building. No way emergency crew could have gotten in. You need a larger venue.
