Palmetto Railways

wants to run railroad tracks that will be a mere 79 ft. from Lowcountry Orphan Relief's buildings in North Charleston, SC, cutting off crucial space now used for parking and our annual Make a Child Happy Day event, specifically hosted for the abused children. The train will run at least 3 times per day and with that exposure to harmful diesel emissions, increased noise levels and safety concerns, and a 45% decrease to Lowcountry Orphan Relief's property value. It took many years of hard work to raise the money to build Lowcountry Orphan Relief's Distribution Center and the selfless donation of funds from a departed volunteer, Valerie Vincent, to pay off the mortgage of the original building.

We have asked that Palmetto Railways reconsider their latest path, or at least provide one of the following options to Lowcountry Orphan Relief:

1. Reroute the tracks to give 300 to 400 ft. as a buffer;
2. Install a sound barrier;
3. Offer Lowcountry Orphan Relief reasonable compensation for the purchase of new land and buildings to move;
4. Provide Lowcountry Orphan Relief with land and buildings equal to or greater than the value of its existing land and buildings for relocation.

Lowcountry Orphan Relief serves as a “hub” for our community and provides resources to agencies and children in all three counties: Dorchester, Charleston and Berkeley. Numerous volunteers, foster parents, agency representatives and staff who visit Lowcountry Orphan Relief on a daily basis will be affected by this proposed railway.

This proposed track will not only affect Lowcountry Orphan Relief, but it will affect Be A Mentor, another non-profit organization that provides services to the vulnerable children in North Charleston, and a for profit business, Mountain Creek Contractors, which rents space from Lowcountry Orphan Relief.

We need our community to step forward and sign this petition on behalf of the interest of Lowcountry Orphan Relief.

LOWCOUNTRY ORPHAN RELIEF VS. PALMETTO RAILWAYS!!!

I'd like to join Lowcountry Orphan Relief in its effort to compel Palmetto Railways to consider other options to running a railroad track that is a mere 79 ft. from Lowcountry Orphan Relief's existing building. This track will cut off crucial space now used for parking and their annual Make a Child Happy Day event, specifically hosted for the abused children. The train will run at least 3 times per day and with that exposure to harmful diesel emissions, increased noise levels and safety concerns, and a 45% decrease to Lowcountry Orphan Relief's property value. It took many years of hard work to raise the money to build Lowcountry Orphan Relief's Distribution Center and the selfless donation of funds from one of their dear, departed volunteers, Valerie Vincent, to pay off the mortgage of their original building.

I ask that Palmetto Railways reconsider their latest path, or at least provide one of the following options to Lowcountry Orphan Relief:

1. Reroute the tracks to give us 300 to 400 ft. as a buffer;
2. Install a sound barrier;
3. Offer Lowcountry Orphan Relief reasonable compensation for the purchase of new land and buildings to move;
4. Provide Lowcountry Orphan Relief with land and a building for relocation.

Lowcountry Orphan Relief serves as a "hub" for our community and provides resources to agencies and children in all three counties: Dorchester, Charleston and Berkeley. Numerous volunteers, foster parents, agency representatives and staff who visit Lowcountry Orphan Relief on a daily basis will be affected by this proposed railway.

This proposed track will not only affect Lowcountry Orphan Relief, but it will affect Be A Mentor, another non-profit organization that provides services to the vulnerable children in North Charleston, and a for profit business, Mountain Creek Contractors, which rents space from Lowcountry Orphan Relief.

I give permission for Lowcountry Orphan Relief to forward a copy of this executed letter on my behalf to:

- The South Carolina Department of Commerce, Attn: Robert M. Hitt III, Secretary of Commerce, 1201 Main Street, Suite 1600, Columbia, SC 29201-3200;
- Palmetto Railways, Attn: Jeffrey McWhorter, President & CEO, 540 East Bay Street, Charleston, SC 29403;
- Governor Nikki Haley, Office of the Governor, 1205 Pendleton Street, Columbia, SC 29201
- Rep. Seth Whipper, PO Box 70070 North Charleston, SC 29405;
