Dear Governor Haley,

I am writing as a strong voting and financial supporter of yours and your policies. I am interested in serving on the Board of Trustees of USC. I have graduated twice from USC, once as an undergraduate in 1979 then again in 1985 for my medical degree. I have been a family physician in Columbia ever since. I have been a member of the alumni association of USC for over 20 years. I teach medical students and USC nursing students on a volunteer basis as well. I have been in charge of Family medicine departments on and off for over 25 years at Baptist Medical center and Richland Memorial Hospital. I regularly ran large meetings. I give donations to the school of math and sciences and the medical school yearly. I think I would be a very good member as I enjoy helping students and I do agree with your fiscal responsible policies.

Please give me a chance as one of your designees in this position.

Sincerely,

Rodney Fitzgibbon MD, FAAFP
