7. General/Safety Message		

With rain moving into the area, it is important to remember some safe driving tips.

Stay Focused. Anytime you're behind the wheel, it's important to keep your attention focused on the road.

Stay Off Your Cell Phone. According to the CDC, cell phones are a factor in about 1,000 auto deaths and 24,000 auto injuries each year.

Use a GPS Device. GPS devices allow the driver to keep his or her eyes on the road instead of a map. Be sure to set the GPS before you leave.

Be Aware of Local Road Conditions. Stay alert to any road closures. Increase your following distance between vehicles.

Keep your headlights on while driving to increase your visibility.
