We are experiencing some technical issues with our reservation system applying the Black Friday discount to reservations made via our online reservation system. We apologize profusely for this inconvenience, and we are working to resolve this issue. You may make reservations today by calling the parks directly. If you made reservations at full price during the Black Friday sale, you may call our toll free call center on Monday and they will be able to apply the discount for you retroactively, and issue any refunds.

Also, due to this inconvenience we will be extending the Black Friday discount through Monday, November 26. Thank you for your patience.

Chris Litteer Monroe Thank you for this information and resolving the problem. We appreciate you and hope this hasn't ruined your holiday. And THANK you for the Black Friday discount.

at 15:05:56 on 11/23/2018 UTC

Christine Cunningham LaRue Had to go to a different window and start from scratch and pay the full amount (not even just a deposit). But finally got the cabin reserved, at least. Will call Monday to adjust the price.
