---

Terry,

Glad to hear there is potential in Charleston. Good luck with that.

As I said, there will have to be changes in the network as we move forward.

I have shared some things with Ben and assured him there were options in his region.

Tony

**Subject:** Thank You

Director Kester,

While a little tardy, I did want to thank you for the opportunity to meet a couple of weeks ago to discuss your vision for elder nutrition in South Carolina in the coming years. Additionally, I did want to inform you of two other points:

- Lt. Governor's referral of the Charleston church needing frozen meals for their summer lunch program
  - I have had several conversations with Pastor Robinson and have provided him a sample menu for his review
  - He appears to be interested and will be working with me to determine if it is a viable option
- Central Midlands
  - I did receive a call from Ben Maldin today in response to your and my conversations regarding this AAA

Thanks again for your assistance. Please know that both GA Food Service and I are always willing to assist your office with information or contacts from other states that might help you develop the services for your state.

Terry White
