Subject: RE: DRAFT Executive Order for Veterans

I was not part of the original conversation, but I believe it was supposed to be an entity that dovetailed with the MBTF in some fashion to avoid having two groups working towards the same or very similar issues. This new group is veterans-focused, so it might work best to create it as a subset or subcommittee of the MBTF.

Was this group intended to be a subset or subcommittee of the MBTF or a whole separate task force?

Attached is a DRAFT Executive Order for the veterans study entity. Please review the language and provide specific feedback on the highlighted portions, which are incomplete or undecided. At this point, it may be helpful to go ahead and seek input from Representative James Smith as well.
