**Subject:** Thank You & follow up questions

Katherine,

It was my pleasure to meet with you yesterday regarding the House Legislative Liaison opportunity. I have a few questions to follow up our interview.

1. With regard to establishing and maintaining working relations with members of SC House of Representatives and other government agencies, is this a focused effort on a specific group pertinent to a unique legislative item or is it a more generic relationship building process, crossing over party affiliations?

Developing and maintaining relationships with all house members.

2. What role will this position serve while in attendance of House Committee meetings, more of a support function or clerical?

Your role would be a support role in attending, gathering information, and communicating the information back to me.

3. As the House Legislative Liaison, are there tools or systems in place to perform such duties as tracking bills or reviewing legislation, or are there opportunities to develop and implement new methods and resources to accomplish these tasks? (such as file sharing, project management tools.....)

Lots of opportunities to create new processes with the current tools we have.

4. What is your projected start date for this position?

Mid- November

I have purchased the Governor's book to begin reading today. My references are prepared for your contact. Again, I thank you for your consideration and look forward to speaking again soon.

Thank you,

Lisa B. Gibson
