Subject: Advocacy Day for Access and Independence - April 26th

Dear Lily,

Good talking with you this morning and thanks again for the information. On April 26<sup>th</sup>, over 400 SC residents and 25 organizations statewide will unite outside of the Statehouse in an effort to help ensure people with disabilities have equal access and opportunity. We will be promoting independence for people with disabilities. We would be honored if Lieutenant Governor Bryant could speak to the group from the Statehouse steps around 10:30 am on Wednesday, April 26<sup>th</sup>. Please let me know if he will be able to speak. Thank you so much for your consideration!

For more information about the event and to see the list of organizations participating, please go to [www.unlockingbarriers-sc.org](http://www.unlockingbarriers-sc.org).

Sincerely,

Ed
