About California Life Science Association (CLSA)

California Life Sciences Association (CLSA) is the state's largest and most influential life sciences advocacy and business leadership organization. With offices in Sacramento, San Diego, South San Francisco, Los Angeles and Washington DC, CLSA works closely with industry, government, academia and others to shape public policy, improve access to innovative technologies and grow California's life sciences economy. CLSA serves

biotechnology, pharmaceutical, medical device and diagnostics companies, research universities and institutes, investors and service providers throughout the Golden State. CLSA was founded in 2015 when the Bay Area Bioscience Association (BayBio) and the California Healthcare Institute (CHI) merged. Visit CLSA at www.califesciences.org, and follow us on [Twitter @CALifeSciences](#), [Facebook](#), [LinkedIn](#), and [YouTube](#).

About PwC's Pharmaceutical and Life Sciences Industry Group

PwC's Pharmaceutical and Life Sciences practice, part of PwC's Health Industries Group, is a leading advisor to public and private organizations across the entire health industries landscape. This group also includes PC's Health Research Institute, which provides new intelligence, perspectives, and analysis on trends affecting health-related industries. We provide industry-focused assurance, tax and advisory services to build public trust and enhance value for our clients and their stakeholders. More than 223,000 people in 157 countries across our network of firms share their thinking, experience and solutions to develop fresh perspectives and practical advice.
