## South Carolina State Parks

at 13:30:00 on 12/22/2018 UTC · 🌐

A story of Hope: The Hollopeters, from Pennsylvania, and their cats camped at Myrtle Beach State Park in November. During their stay, Hope, their 3-legged cat, managed to escape from their camper. The family and the ranger staff tried for days to trap Hope with no luck. They eventually had to return home to PA without their sweet cat, Hope. The ranger staff continued to keep an eye out for her and spotted her on the park a few days ago. They tried again to trap her and were successful! Hope's family was contacted, and they drove all the way from PA to pick her up. They were reunited on Friday with lots of happy tears and thanks. The Hollopeters said their grandkids had asked recently if they thought Hope would be home for Christmas, and they were optimistic that she would. They never gave up hope, and their sweet Hope is their Christmas miracle. A special thanks to the staff at Myrtle Beach State Park for making this reunion happen!
