

STOP THE OBAMACARE DEATH TAX

to Governor Nikki R. Haley

WHEREAS: I am a law-abiding, tax-paying, economy-supporting American citizen who worked, sacrificed and saved my entire life in order to leave my money and belongings to my family, friends, church and favorite charities;

WHEREAS: I opposed the terrible ObamaCare law from day 1, like most other Americans.

WHEREAS: The hidden ObamaCare Death Tax, which allows states to seize my belongings, is an outrage and insult to hardworking Americans. This new ObamaCare Death Tax is on top of the already cruel and unfair regular Death Tax.

THEREFORE: I demand that you make it illegal for South Carolina to seize my belongings under the new ObamaCare regulations.

Governor Haley,

I received the attached
in the mail from the National
20x Limitation Committee.

Is what they say true?
If so, what is the state
of South Carolina doing
any thing about it?

Yours truly
