Webinar: Shift in Where Injured Workers Receive Medical Care

Over 170 people are registered for tomorrow's (11/29) one-hour webinar at 2 p.m. ET. If you have not already registered, click on the button below so you can join us.

WCRI's Dr. Rebecca Yang and Ms. Evelina Radeva will discuss how medical services for injured workers have shifted from hospitals to nonhospital providers, including ambulatory surgery centers (ASCs).

Questions Addressed:

- How have the percentages of claims with hospital and ASC services changed?
- How have surgery rates changed across states?
- What potential factors contributed to this trend?

Webinars are \$50 for Non-Members and FREE for [WCRI Members](#), members of the press, legislators as well as their staff, and state public officials who make policy decisions regarding workers' compensation. Attendance is limited to 500 people, and all attendees receive a free copy of the slides.
