**Virginia Donahue** One of our absolute favorite places to go camping. We usually spend the whole day in the lake swimming or fishing right in front of our site. Awesome family campground.

**Uma Kaufman** Never been to Dreher Island, does it have a good biking/hiking trail? How about getting a 5th wheel in there, difficult? We are not into fishing so what else is there to do? Thanks for any info.

**South Carolina State Parks** Uma - Dreher Island offers a 2.1 mile hiking trail along the shores of Lake Murray. There are plenty of sites that will accommodate a large 5th wheel - even waterfront sites.
