I will contact all of them will be interesting . Bill miles Hilton head chamber ex dir has disappeared from the board wonder why ? Patricio Owen is still listed . I can only assume being listed as a woman representing small business when in fact nothing to do with small business . Patricio Owen needs to be questioned ??? Why is Bill no longer on this board ? How long has Patricia been on this board how was she elected / appointed ? How do top 10 directors and all board members get on this board ? Who approves this salary ? Tom Donahue is an employee not the owner of this non profit yet he has set it up to do as he wants ????

With 100 board members you can only assume most no

Nothing and just listed as figure heads . What we need to find out is what buddy board members are really behind all this .

When I get finished contacting all these people along with ccing officials and IRS perhaps things will heat up . I will educate all on what is happening across our nation with many big city CVBs and Chambers .

I can't imagine the top leadership and employees feel good about Donahue's 4.7 m , jet , limo and other things not listed on IRS foam 990 . The IRS allows to much to be hidden on form 990s , but gives just enough to realize we need to all dig deeper . Donahue's salary has gone from 500k to 4.7 m . Big news in its self . This is high for a huge for profit , but extreme abuse for non profit . Thanks
