**Subject:** See the Network of Care for Seniors at n4a

---

Hello,

The State of Nebraska is launching the award-winning **Network of Care for Seniors & People with Disabilities** in every ADRC region in the state.

The Network of Care has evolved into a state-of-the-art, comprehensive solution for Area Agencies on Aging and ADRCs with a remarkable suite of features:

- The system has a Referral Application that is ADRC-compliant.
- It can easily generate reports and assists with care planning, including "Options Counseling" for the individual.
- Referrals can be automatically stored into the Personal Health Record.
- **This platform is free to any AAA that has the Network of Care and is free to any agency within the AAA's jurisdiction.**

"The Network of Care Web site has been well received in Nebraska by providers, clients, caregivers, and stakeholders alike," said Cynthia Brammeier, Administrator of the Nebraska State Unit on Aging. "We added bells and whistles to make life easier for everyone - including an interactive map; a calendar; the Personal Health Record; a Referral Application, and online client assessments."

If you plan to attend the **n4a Annual Conference in San Diego**, Network of Care representatives will be available at **Booth 102**. Meanwhile, watch a **short YouTube Demo** about the Network of Care for Seniors.

If you have any questions or would like a more in-depth demonstration of how the Network of Care works, please contact me anytime at [BBronzan@trilogyir.com](mailto:BBronzan@trilogyir.com).

Thank you,

**Bruce Bronzan, President**
