Subject: Re: 7/3 6 pm Restoration Status

Restore is still running. 4.3 TB out of 13 TB completed. Going more slowly than we'd like, but we've passed the point where it aborted Friday night.

2nd restore started at 4:30. We'll be benchmarking this restore over next 6 hours before we give a completion projection.

Jose and Chandra continue to work on the work-around plan. Meeting with program staff set for tomorrow.
