Good morning all –

The town of Lexington is rectifying what appears to be a glue malfunction around one of my meters and I may be in a little late, so:

9:00 am – Gres. 207 – Senate Finance DHEC budget – Hal should attend.  
9:00 am – Gres 308 – Senate LCI on DEW – I believe Veldran will be there. Immediately following is LLR's prescreening, so I believe Madison will be there as well.  
9:30 am – Gres 105 – Senate Education – Some interesting education bills, but no staff.  
11:00 – Gres 408 – Senate Banking – A bill by Sen. Ranking to have the insurance commissioner elected.  
11:00 – Gres 105 – Sen Grooms bill on DOT restructuring – I will be in contact with Wendy about this.

OF note in the house today – DEW's regulation on refusing or failing a drug test as a refusing a suitable offer of work is up for review in House LCI.

I'll be on the phone until I get in if you all need me.  
Josh
