Re: The Gv Girls Week That Was (Jan. 12-19, 2016)

- The Queen of the West Cowgirl hugely outperformed the Wooden Indian! (Sorry - but "The Response" was a rehearsed and robotic performance.)
- She chose the winning horse - the one not only listening to voters but actually believes and feels as we do.
You chose the dull nags that are useless and causing our country's horrendous situation and will never clean up the "D.C. barn" in any way.
- She surely got you elected (everyone is entitled to a mistake!) as an "outsider" that S.C. voters were wanting.
You flipped almost immediately to endorse a major loser, Romney, before the 2012 primary had played out. So far, you are dismal on the national scene.
- She is the Big League that shows strength, passion, and guts and is attracting new voters.
You are the Bush (Ryan/McConnell/Rubio/Kasich/Christie) League of party hacks/career politicians turning off voters.

DO AMERICA A BIG FAVOR: STAY IN COLUMBIA AND MIND YOUR STATE!
