To: All or anyone who may be honest

Let us review the facts. Eric had made a perjured statement to the Guilford Co. Probate Court & others and no one investigated or verified what she said. In the March 2013 "hearing" Dint the lawyers were called back to "Chambers" & I was told Judge Salvin Come out & made a ruling that continued my wife's "Captivity" "Restrictions" "Confinement" or "imprisonment" without my having a chance to say one word of rebuttal & I believe this is not Constitutionally correct. My wife came another "hearing" in Aug 2013 which I consider a "mock" trial & my so called lawyer did nothing to represent me. Again the judge called all the lawyers to chambers to work out a "deal" so there would be no permanent "family" home. She sure lost there - I did not sign the agreement to this "deal" but the "rotten" or "crooked" lawyer I had, had his associate slip a separate agreement sheet for me to sign along with other papers. He is a crook. There is much more to this part of the story. Anyway my wife was transported to Columbia S.C. to be seen by "shrinkers" there & they ruled
