Dear Mr. Kerr:

The purpose of this letter is to reach out to you for your assistance in obtaining a list of managed care organizations operating within South Carolina. It is our intention to help familiarize these organizations with the capabilities of Santrax and how it could add value to their operations; specifically how it can help agencies manage their largest cost item, labor. Santrax is a telephone and web-based home health care visit management tracking system that helps ensure that the *Right Person* is at the *Right Place* at the *Right Time* performing the *Right Tasks*.

If you are unable to provide me with a list, I welcome your thoughts on where I might obtain this information.

Thank you for your time and consideration of this request.

Sincerely,

Tracey E. Abernethy
