**State Exports, DUI, and College Tuition -- Weekly Update from Sen. Tom Young  
â€“ February 26, 2013 to March 4, 2013**

The Senate is in session for 2013. I hope that you find this update helpful and informative. If I can help you with an issue, please let me know.

**State Exports â€“ Good News!** South Carolinaâ€™s exports reached a record \$25.3 Billion in goods sold in 2012. Our state ranks first among the 50 states in tire exports. Canada, Germany, and China are the top export markets for all products.

**Restructuring â€“ State Superintendent of Education:** This week, the full Senate will consider this bill to allow the Governor to appoint the State Superintendent of Education (S.53) as a cabinet appointee rather than be popularly elected. All six restructuring studies of state government since 1920 have recommended that the Superintendent of Education be appointed by the Governor to increase accountability, efficiency, and coordination in public education in South Carolina. I was the primary sponsor of this bill when the House passed it in March 2011. I am a co-sponsor in the Senate this year.

**DUI â€“ Ignition Interlock Device:** On Wednesday, the Senate approved a bill that will toughen the stateâ€™s DUI laws for repeat offenders and require the use of Ignition Interlock Devices in vehicles in certain circumstances. The device prevents the vehicle from starting if the driver blows above a certain blood-alcohol level. If the bill becomes law, DUI first offenders who blow a .12 blood alcohol content or higher would be required to install a breathalyzer device connected to a vehicleâ€™s ignition system. DUI offenders on their 2nd and 3rd offenses already are required to install the device after the suspension of their licenses ends as a condition of driving again. The bill would eliminate the suspension period for 2nd and 3rd offenders and require them to install the device immediately.

**High School Dropout/Driving Bill:** The Senate Education K-12 subcommittee deadlocked 3-3 on whether to provide a favorable report to the â€œhigh school

dropout/no drive until 18â€• bill this past Thursday. I am the primary sponsor. The bill still has a chance to win approval and advance to the full Senate later this month when it comes up to the full Education Committee. To see the television story from last week, go [here](#).

**Silver Bluff Road Construction Update:** The plans for this project have been sent to the DOT Right of Way Office. DOT representatives will begin property acquisition as early as mid to late May 2013. The estimated schedule for acquisition of Right of Way is 12 months, which means the project will be ready to Let (advertise for Bids) in July 2014. Construction would begin in the Fall of 2014 with an anticipated duration of 18 to 24 months depending on the required utility relocations and the schedule of the selected contractor. That would render a projected completion date of the Summer or Fall of 2016.
