Columbia, SC 29201

Dear

Hello! My name is Gabriel
McIlwain. I am a second
grade student at Wellford
Academy of Science
and Technology. My class is
doing a project at school
and I need your help. My
class just read a book titled
Flat Stanley. The main character
of the book is flat and can
be mailed in an envelope
all over the world.

Stanley has many great adventures
traveling and I need your
help. Will you "baby sit" my
Flat Stanley and take pictures
of him doing some fun things
with you in your town? My
teacher has requested pictures,
souvenirs, or postcards from all
the places you take my Flat
Stanley. Thanks for all your
help and have fun with Stanley.

Sincerely,
Gabriel McIwain

A Note From My Teacher...

If you choose to participate with our project (and we hope you will), you can either mail pictures to our school address or you can email photographs of Stanley to my school email account. We will use the photographs you send us to document all the places Stanley travels. This is a great geography project that exposes children to places all across the globe. We will also create a blog on our class website to showcase Stanley's travels.

Thank you for your willingness to help make our classroom a fun place to learn and grow!

Monica Connelly
