Please see the attached. I stuck to four broad questions related to: 1) our historically stance on the program; 2) the ramifications of South Carolina no longer administering the program; 3) our reevaluation program in the wake of the Paris attacks; and 4) the things NRH is doing to reevaluate the program.

The answers are somewhat wordy, and potentially could be broken out if y'all see fit. Also, if I did not address something that should be addressed, please let me know and I will add/edit.

Happy to discuss.
