There needs to be a change!

These homes that are "supposed" to look after our loved ones are not doing what they need to be doing. The staff needs to know about each person living there before they care for them. There needs to be more security. These people, our loved ones, are in your hands! Someone needs to be responsible!

I support this petition 100%, if these provisions were in place my cousin would still be here with us, I sincerely believe.
