Any chance we can find some time to have Governor Haley on tomorrow afternoon?

What are the chances we can get some time with Governor Haley this afternoon or tomorrow morning?

Tomorrow morning would be ideal. Any time between 6a-9a is our preference.

We're seeing some incredible images of evacuations in South Carolina. Any chance we can grab 5 minutes with Governor Haley via phone today to discuss? Any 5 minutes she has would be great.

I know the Governor has a briefing at 9a so I am wondering if we can try to schedule a quick interview with her at 1020a ET.

Thank you.

Hi, its Josh Vexler from The Weather Channel. I know Governor Haley has her hands full with preparations for Hurricane Matthew, but I am hoping she has 5-10 minutes to join us on Wednesday or Thursday. Ideally we'd like to have her on with Jim Cantore and Stephanie Abrams between 6a-9a, but we'll take any time she has over the next few days.

If it makes things easier, we can have her on via phone.

Please let me know when Governor Haley on The Weather Channel.

Thank you.

Good morning. I know Hermine hasn't hit South Carolina yet, but I'd like to go ahead and request a few minutes with the Governor. We're live all day and night and we'd love to have a couple of minutes with her.

Thank you for your help!

Hi, my name is Josh Vexler, guest booking producer for Jim Cantore at The Weather Channel.

We are tracking the path of Hurricane Hermine, and as you know, there is a good chance it is going to impact a good portion of South Carolina.

If things get bad for the state, what is the best way for us to request an interview with Governor Haley?

Any help you can provide is greatly appreciated.
