

## NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2000

---

employees are entitled to be paid for accumulated unused annual vacation leave up to the maximum of 45 days, but are not entitled to any payment for unused sick leave. The Department calculates the compensated absences liability based on recorded balances of unused leave for which the Department expects to compensate employees through paid time off or cash payments. The leave liability, inventoried at fiscal year-end current salary costs and the cost of the salary-related benefit payments is recorded in the Department's general long term debt.

The Department of Agriculture - Pork Board had no liability for accrued compensated absences at June 30, 2000 because the Board had no employees at that time.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenditures and affect disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

At June 30, 2000, all State Treasurer bank balances were fully insured or collateralized with securities held by the State or by its agents in the State's name.

With respect to investments in the State's internal cash management pool, all of the State Treasurer's investments are insured or registered or are investments for which the securities are held by the State or its agent in the State's name. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer's investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.
