Subject:

Marcia, Were you allowed to give input on these talking points? Is there anything in there that you and the Governor strongly object to?

Blair

Subject: National Governors Association (NGA) Task Force on REAL ID

Importance: High

Dear Member:

DHS Secretary Chertoff and a task force of 7 or 8 governors will meet, beginning this Thursday, to discuss a number of issues related to REAL ID, including grant funding and grant guidance, and the REAL ID verification hub. The National Governors Association asked us to develop talking points in preparation of that meeting, which are attached. These were developed by consensus through our REAL ID Steering Committee and Executive Committee. We focused largely on grant guidance deadlines and the verification hub, based on NGA's request.

I am providing this to you as background, since your governor participates in this task force. If we can answer any questions about the talking points, please feel free to contact me or Mike Calvin.

Best regards,

Neil
