Subject: Meeting with Governor Haley

Hi Holly,

Paul and I deeply appreciate Governor Haley taking the time to meet with us last week. It was an honor and privilege to get to speak with her about our son and concerns that we have about the process and what happened that fateful night. She was very warm and we sensed that she was genuine when talking about her experience with friends that had also lost a child; we took to heart her advice that she gave us and we are grateful for the opportunity.

Our hope is that we can all learn from what happened and make this a better state going forward knowing that there is always room for improvement in anything.

The media have been asking if we had a meeting yet and so far I have been putting them off. Have you had the same requests? If so, should we make a short statement or just let it be? I have no real opinion on this, never having done this sort of thing before, so whatever you decide is fine.

Thank you and Governor Haley again for being so warm and kind. Merry Christmas.

Kindest Regards,

Angie Hammond
