Subject: Open Items on Finance Committee Amendment

Attachments: (2013-02-20) Senate Finance Committee Amendment - Issues (v02).pdf

I've been going back and forth with Ken a little this morning...about the list of questions/comments I sent over in the middle of the night. They're still looking at the rest of the list. I think we'll work some out this morning on the technical list...some of the substantive items are more durable issues, many of which aren't exactly critical.

Take a look at the last item on the list. I wouldn't go to Defcon 1 on it yet, since there's a fair chance that it was inadvertently dropped in yesterday's amendment. It's a little curious, though... I'll let you know when I know more.
