Subject: Florence Energy Forum
Good Afternoon Catherine,

Hope you are doing well! I just wanted to flag our event for you. We are doing an Energy Forum in Florence next Monday. The federal government this week is making a major announcement about its plans for access to American offshore energy resources. This decision, which is expected tomorrow (Tuesday), has major implications for South Carolina, and we are pleased to extend an invitation for you to join us next week when senior leadership from the U.S. Interior Department comes to Florence to discuss this important announcement. We hope that the Lt. Governor and/or staff can be in attendance!!

Please see below for the official invite.

You're Invited!
