Lt. Governor Bryant, As you work towards the nation's budget for this fiscal year and the years to come I hope that you would consider that the federal work force works generously for the public at a much lower pay rate than those in the private sector. Those of us who work our entire career in federal service look forward to a retirement where we can enjoy it and know that we will have the benefits that can accommodate our health care needs as well as the cost of living increases. I urge you to consider not cutting the federal employees' benefits when seeking to find budget cuts to balance the budget. Thank you, U.S. Navy Chief Warrant Officer 3 Retired, Shelly R. Thompson Currently employed with Department of Justice U.S. Trustee Program Columbia, SC  
Shelly R. Thompson
