---

SP - Please review and add any additional information about the call.

- He told us they have credit rating issues with the income tax cut. They think the income tax cut will affect our bond rating.
- He would like to hear from us on the credit rating issues.
- He needs more time.
- There still is no consensus in the caucus.
- At this time this is behind the budget.

I need to provide the Governor with an update soonest. I know we do not have a deal, but I do not have any details.

Thanks,  
James
