Got this text from Amy Zhu (864) 314-2265 (she prefers texts), can you please get someone on it?
Hi Kevin, this is Amy Zhu! It was fun seeing you and Ann in Publix the other day! I'm so proud that you are our Lt. Governor! That happened fast didn't it? Can't wait to see where God puts you next! Bob Waldrep (Elizabeth Waldrep) suggested that I ask for your personal help for my daughter Stephanie. Elizabeth suggested you, along with Sen. Thomas Alexander and Rep. Murrell Smith. So I will be contacting them as well. She said that the senator is on committees that impact DDSN funding and that the representative is on the ways and means committee and she thinks you and they can help. DDSN has denied a critical ID/RD Waiver for Stephanie. She turns 21 tomorrow and needs Adult Dental that only the ID/RD Waiver can provide. I've already jumped through all the DDSN required hoops. They are being unreasonable. Bob Waldrep's office says that it's a political thing... I'm appealing to DHHS. Can you please give me and Stephanie a voice? I've done it for so many others for years. I'll be glad to provide you any documentation you need. I've already been sending some to Lily your assistant. Stephanie needs this ID/RD Waiver for Adult Dental right away due to periodontal disease (that's why the critical) and it baffles me that she's being denied. Thank you Kevin!
